

# COVID-19 Update and Reminder

August 30, 2021

Callaway Families,

The school year has officially launched, and we are in full swing! I wanted to update everyone concerning COVID-19. This weekend, we had our first confirmed case of COVID. I am sure we will continue to see these cases in our area in the coming months.

As parents, we need your help. Please be vigilant in monitoring your child for potential symptoms of COVID-19. If you observe symptoms, please keep your student home, and contact a medical professional. I know this can be a burden on families and students who miss school. This being said, we have a wonderful teaching staff who will work with you and your student to ensure that they continue to learn while out and get back up to speed as quickly as possible upon their return. Keeping your ill student home and allowing for recovery is an excellent way you can help our school district continue to provide exceptional in-person learning, and the great extra-curricular opportunities offered at Callaway Public Schools. Please call our office as soon as is convenient if you keep your child home due to COVID symptoms.

We will continue our disinfecting and mitigation practices here at school. We welcome parents and families to take any additional precautions that they deem necessary for their students. If you have any questions or concerns at all, please do not hesitate to contact me or Mr. Birkel, the office number is 308-836-2272.

Thank you for your support of Callaway Public Schools,

Bryon Hanson  
Superintendent  
Callaway Public Schools
