

Bobcats of the Month - October

Paige Feddersen

Paige is always so helpful with the younger students. She is always advocating for them, helping them in the lunchroom, or walking with them. She is kind to them and they always look forward to seeing her. When a new 1st grade student dropped their tray she helped them clean it up and offered to walk them to recess. Nice work Paige!

Mrs. Jesseph

Breckn Doggett

Breckn works very hard everyday! She is kind to others and helps out in any way she can. She has a positive attitude and enjoys school. She is a great asset to the class and school.

Mrs. Rush

Evelyn Poore

Evelyn earns the "most ready to LEARN" award. Evelyn must have the ideal eat and sleep routine because she shares positivity, willingness, cooperation, and respect in the kindergarten classroom. Never lose the spirit of learning, Evelyn. Let your eyes keep twinkling and your smile keep shining on the path of learning!

Mrs. Dockweiler

From the Principal's Desk

At Callaway Public Schools our mission is to **create positive** global citizens, one **story** at a time, our teachers and staff work extreme hard to provide the best education that we can for your children. Research indicates our goal should be 10 positive interactions for each one non-positive interaction. Unfortunately, at this time, communication from our families coming to us at school is lopsided with this statistic.

One area that we often hear we hear about most frequently from parents and community members is communication. Due to technology and social media we have more means of communication than we have ever had before. We use the school calendar which is published in the monthly newsletter and that is available online. We try to get times, dates, and locations accurate. Please keep in mind that sometimes these events are subject to change and when a change is made, we try to get word out to everyone that is affected by the change. We use the blackboard connect system which sends out phone calls, emails, and text messages to members. If you are not on the blackboard connect system, please call the school at 836-2272 and we can get you set up to receive the notifications. We also try to post changes and reminders on the schools Facebook page. You can like our Callaway Public Schools Facebook page to get notifications as well as to see all the great things we are doing at Callaway Public Schools. Just a reminder that if you are going to leave a comment on the Facebook page, it must be positive as negative comments can lead to you being blocked from the page. Classroom teachers send home notes and reminders with children, please take time to talk to your child about school and go through their backpack as a part of your daily routine to look for notes and reminders. Finally if you have a question or need clarification please call us at the school. If we don't have the answer we will find it out and get back to you as quickly as we can.

If you see, hear, or notice something that we are doing here that you like please let us know. Also, if you would like come in and see all the great things we have going on at CPS, please stop by and Mr. Hanson, Mrs. Jesseph and or myself would love to take you around the school!

Helping Hands Winners

Helping Hands was started several years ago to recognize students and staff for doing good deeds. When a student is caught by a staff member doing something good they can fill out the Helping Hand form and give it to Mr. Birkel. The person then gets a small candy bar, certificate, and their picture taken. We also put all the winners in a hat and draw out the grand prize winner who receives an ice cream cone from Mrs. Robinson's. This is just a small gesture to recognize good deeds.
